

Sensual, deep, beautiful – discover our most luxurious photo paper

NEW

Fujifilm introduces Fujicolor Crystal Archive Professional Velvet Paper – a creative addition to our current professional line.

Its professional coating with a zero-reflective top layer creates a stunningly soft and deep-matte effect.

What you'll love about it: This color paper is beyond your expectations. It offers a very soft, sensual feel and touch, just elegant, breathtaking. As a professional photographer you can present your photos in a creative and innovative way – this paper turns your photos into fine art. The velvet surface appeals to the sense of touch and offers the ultimate, deep-matte experience.

Surprise your customers with this new line extension to Fujifilm Silver Halide professional papers. This exquisite and valuable photo paper stands apart from every other paper on the market.
