

Turn your photos into pure magic

Fujifilm presents its most glamorous paper: Fujicolor Crystal Archive Digital Pearl Paper.

This silver halide color paper is truly stunning: in addition to professional paper qualities, it comes with embedded pearl-like particles that create a distinctive iridescent appearance with a thick base and high stiffness.

What you'll love about it: Some moments are pure gold, like magic, true "pearls" in life. Now you can capture these memories with a glamorous photo paper. The pearl-like crystals give a unique high-gloss effect and add a stunning, iridescent touch to your landscape photos or portrait photos – glamorous, luxurious, like magic. It goes beyond pictures; it refines your life.
